

Annual Activity Survey for Stalham High School

Welcome to Children's Services' 2021 annual Activity Survey. It provides information about the first destinations of young people reaching the statutory school leaving age in the summer of 2021. With over 8000 young people to follow up each year it takes the dedication of a number of key people to make the survey possible. I would like to thank staff at schools, colleges and sixth forms along with Norfolk County Council's Guidance Advisers, Young Persons' Advisers, Keeping in Touch Team and staff from the Participation, Transition & Strategy Team. It is worth noting that all young people are expected to continue in education or training (in learning) until at least 18 years of age. Therefore the 'in-learning' figures are a particularly important focus of this report.

In 2021 we have seen an improvement in the Year 12 in-learning figure, with increased participation in full time education and apprenticeships, and a reduction in young people who are NEET
